

Great Hall Project

FOUNDATIONS OF CHANGE AWARD

Greetings **Morgan Trujilo**, president of **NAWIC (Denver Metro)**,

For the past 5 years the Great Hall Completion Project has celebrated diverse and distinctive Women in Construction. It is our pleasure to share that you have been selected as the **Foundations of Change Award** honoree at this year's celebration.

The **2026 Women in Construction Luncheon**, will take place on **March 12, 2026**, at *The Cube (MCA Central Park)*. This award acknowledges organizations whose work and advocacy are driving meaningful, lasting change within the construction industry. Your commitment to progress, equity, and innovation has created a strong foundation for positive transformation.

Through your leadership and advocacy, you continue to elevate industry standards and open doors for future generations. The impact of your work is evident in the people you empower, the practices you advance, and the long-term change you help create.

In addition to recognizing you with this honor, we humbly invite you to participate as a **panelist** during the Luncheon. Your insight, experience, and leadership would add tremendous value to the conversation and further inspire attendees across the industry.

If agreeable to you, we kindly ask that you submit a brief professional biography and headshot at your earliest convenience. Please send your bio to our point of contact, **Chyna Craig** the Marketing & Communications Manager at Maxx Impact Group (MIG), MWBE Liaison for the Great Hall Project.

We are excited to honor you and your organization for the impact you have made in this industry and look forward to celebrating those contributions alongside industry leaders and peers.

Congratulations on this well-deserved honor.

With sincere congratulations,

The Great Hall Project Team

Women in Construction Luncheon
